

Information Sessions: Early Childhood Credentials in Kentucky

Are you ready to make early childhood education a career instead of just a job?

Do you want to make early childhood education a career instead of just a job? There are many credentials in the early childhood field—so which one is right for you? Join us to learn about a variety of credentials and opportunities, and discover how to jump-start your career path in early childhood education!

We'll cover:

- Commonwealth Child Care Credential (CCCC)
- Child Development Associate (CDA)
- Director's Credential
- 4C CDA Preparation Program options
- Scholarship Opportunities

"In order to elevate the field of early childhood education, we need to see early childhood providers and teachers as professionals. The CDA is the best first step on the path to career advancement. Early childhood professionals not only earn a nationally recognized competency-based credential but also gain knowledge and master skills that benefit children and families for life."

— Andrea Heil,
4C Quality Programs Coordinator

When and Where

- Date:** The last Monday of February, June and October
- Time:** 6:30–7:30 p.m.
- Location:** 4C for Children Training Center
525 W. Fifth St., #102
Covington, KY 41011

Who Should Attend?

Early childhood providers interested in expanding their qualifications, and early childhood directors and administrators interested in developing their staff.
